Dear David Morgan

This is just a short note to express my gratitude to you and the Coogee Lions Club for your assistance in providing the extra funds needed to purchase a ceiling hoist.

As you are probably aware, through the community occupational therapist Roisin Browne, I am a quadriplegic with type 1 diabetes living by myself.

Due to some recent health issues, no doubt due in part to my recent diagnosis of diabetes, my needs for various equipment to assist me have changed. Also the equipment I had been using for a number of years has become old and out-dated.

So the purchase of a quality, durable ceiling hoist to assist me getting in and out of bed and in and out of my wheelchair is very much an important aid to my daily life and will greatly improve the process for me and my carers, over the old manual hoist.

So I would like to thank you and everyone involved, in providing the extra funding. It will go a long way in improving the quality of my life.

Sincerely yours,

Tony Jones
